

The Johnsonville School hall is an excellent facility for a range of community uses. We have a number of regular users, but do have some gaps in the week and weekend.

The hall is 22m x 12m. The floor has court markings for basketball with goals at each end, netball and two badminton courts. Seating is provided with bench seating along both sides, and individual seating for 130 people. Separate ladies and gents toilet rooms are provided, including basins and mirrors. The hall is well lit and has gas heaters.

For further details and booking enquiries, please contact the school office on 478-7155.
